MINDSET + SKILLSET
A TANDEM DEVELOPMENT
SKILLSET IS POWER
MINDSET IS DIRECTION

- Creating Value
WE ARE KEEN
Our Mission

GRADUATE ENGINEERS WITH AN ENTREPRENEURIAL MINDSET SO THEY CAN CREATE PERSONAL, ECONOMIC, AND SOCIETAL VALUE THROUGH A LIFETIME OF MEANINGFUL WORK.
IN 2035, ENTREPRENEURIAL ENGINEERING IS SIMPLY REFERRED TO AS ENGINEERING.
Join the
NAE Grand Challenges Scholars Program

The NAE Grand Challenges Scholars Program (GCSP) prepares students with the skills and mindset to make our world more sustainable, enhance health, strengthen security, and improve quality of life.

The programs are designed to ensure coherence and connectivity across five competencies and a Grand Challenge theme. Program elements are driven by the power of the idea of the 21st century engineer, with flexibility afforded to institutions for execution.
Creating Shared Value

Generating economic value in a way that also produces value for society by addressing its challenges.
